Along with achieving its higher educational objectives, LCOP is ever mindful of being a good custodian of the environment. A green lifestyle serves to make the world more livable and sustainable, improving its suitability for human habitation. The organization makes an effort to include the green movement into its routine. Therefore, to ensure that it focuses on using it in the course of activity, the organization has incorporated a Green, Energy and Environment Audit in its policy papers.

The institution undertakes an internal green and energy assessment once every two years with the goal of ensuring green movement. The internal audit is handled by the department, and a group made up of staff and students actively works to thoroughly examine the institution's green policies. The auditing committee delivers its report to the institution's head, who then distributes it to the staff and students and posts it on the college website. The report also includes suggestions for corrections and further improvements.

## The following actions are taken:

- Proper disposal and management of non-biodegradable wastes are implemented.
- Faculty, staff, and students are strictly instructed to disconnect and switch off electrical equipment while not in use or after usage.
- Solar-sensitive lighting has been placed across the campus.
- Sensor-based lighting is deployed in strategic locations.
- The devices are checked on a regular basis to increase their efficiency.
- Water quality is assessed on a regular basis.
- Efforts are being made to reinforce current water management methods.
- Wastes generated by each department are measured, and data is compiled for optimal waste management on campus.
- Students and employees are given rigorous instructions to follow the Green practice.
- A trash management committee has been formed to oversee waste management efforts on campus.
- Efforts are being made to configure e-waste management. E-waste collection campaigns and disposal are carried out on a regular basis.
- A new incinerator has been erected to meet the growing waste management demands.
- Incinerators and biogas plants are maintained in accordance with waste audit recommendations.
- The Garden's upkeep has been improved, and students have been assigned to check on it on a regular basis.

## ACTIVITY REPORT

<b>Name of the Activity</b>	SAVE SOIL MOVEMENT- SADGURU VISIT TO HYDERABAD	
<b>Type of Activity</b>	Awareness campaign	
<b>Date and Time of Activity</b>	16-06-2022	--
<b>Details of Participants</b>	Students and Faculty	
<b>Coordinator(s)</b>	Miss. Sonali Bhimashankar Bavage	Mr. Yewange Sangmeshwar Nagnath
<b>Organizing Dept./Support System</b>	NSS department	
<b>In collaboration with</b>	NSS UNIT	
<b>Description</b>	<p>Sadhguru, an Indian spiritual leader, founded the worldwide Save Soil movement to fight soil erosion and promote wholesome soil. The initiative was presented on 5 April at the United Nations in Geneva by the Isha Foundation and sponsored by the WHO, UN SDG lab, and IUCN.</p> <p>In order to raise awareness about soil degradation and promote the return of organic matter to agricultural processes, the VAGDEVI Foundation, an IUCN Member, inaugurated the "Trip to Preserve Soil" in LCOP. Its founder, Sadhguru, set off on a 100-day motorbike journey through 26 nations.</p> <p>The physical, chemical, and biological deterioration of soil quality is known as soil degradation. Half of the world's soil is depleted due to unabated deforestation, urbanisation, industrial pollution, overgrazing, and unsustainable farming methods. deteriorated already. Its loss puts at risk the quality and availability of food, water security, and biodiversity, increases the danger of a change in the climate, and can result in loss of livelihood, conflict, and migration. There has never been a greater pressing need to alter farming methods.</p> <p>Students and staff from LCOP participated in the movement and Sadhguru's visit to Hyderabad as part of this effort, and they also planted a few trees in the neighbourhood of airport.</p>

## Activity Report

<b>Name of the Activity</b>	Awareness campaign on usage of Biodegradable covers	
<b>Type of Activity</b>	Environmental Awareness	
<b>Date and Time of Activity</b>	23-07-2022	
<b>Details of Participants</b>	Students and Faculty	
<b>Coordinator(s)</b>	Mr. Cherekar Kaustubha Bharat	Miss. Ajgunde Rani Raghuappa
<b>Organizing Dept.Support System</b>	All department	
<b>In collaboration with</b>	SEMINAR HALL	
<b>Description</b>	<p>The majority of plastics we use today are still produced using fossil fuels, which results in higher greenhouse gas emissions during all stages of manufacture, use, and disposal. Furthermore, recycling rates are still low, and plastics continue to be a concern to the environment due to littering, poor waste management, and product wear and tear that contaminates the environment with microplastics. Polymers and the chemical additives they contain have a long half-life in nature and may end up in the food chain. Several firms have introduced polymers that are regarded as bio-based, compostable, or biodegradable in response to rising public demand. Yet, barely 1% of the market is occupied by these kinds of plastics.</p> <p>Plastics that decompose and can be composted should decrease the environmental issue that plastics present, but they still need to be disposed of properly, an important element that is frequently poorly understood by consumers, according to the EEA briefing. For instance, over a predetermined amount of time, microbes can convert biodegradable and compostable materials into new biomass, water, carbon dioxide, and mineralsalts.</p> <p>As part of this awareness campaign, LCOP students and staff travelled to the village and raised awareness about plastic bags, how safe they are for the environment, and the dangers they bring.</p>

Name of the Activity	SAY NO TO PLASTIC
Type of Activity	Social Service
Date and Time of Activity	09-09-2020 10:30 AM to 12:30PM
Details of Participants	All faculty and students
Coordinator(s)	Ms. swapna sushant Pagare and Ms. Akate Varsha Subhash
Organizing Dept. Support System	All department Hod's
In collaboration with	College campus
Description	The dangers that plastics pose are numerous. The becomes littered with plastic bag garbage, presenting an unsightly and poor sanitary conditions sight. As a result of the "throw-away culture," these bags end up in the city. On September 9th, 2020, the college held an awareness rally from campus to signal titled "Say no to plastic." The principal, vice-principal, staff, and students all took part and explained the effects of plastic on current and future generations. Congratulations to NSS Coordinator and the SAC team for organizing this event. and we hope to see more of von the fixture.

<b>Organizing Dept. of Support System</b>	All department Hod's	
<b>In collaboration with</b>	NSS UNIT	
<b>Description</b>	<p>Let's stop arguing over who we think created the Earth and join forces to resist those who want to do it harm." With the help of the Dhruvansh Organization, the LCOP NSS team, led by our faculty, and students, launched a massive mission to clean the Lake on September 18. Therefore, the objective attempts to remove waste materials such lily pads, creepers, scum, water plants, and other weeds from the water body. We are grateful for the efforts made by the entire team to clean the lake. With participation certificates, the management has shown its appreciation for the work of the faculty and employees.</p>
